

MANAGEMENT AND TECHNOLOGY

AT WALDEN UNIVERSITY

We led an education revolution so you could lead the way in the marketplace.

Walden University's College of Management and Technology propels you to the forefront of the business and technology marketplace. As home to the School of Management and the School of Technology and Applied Science, the college can help you master the specialized skills to stand out in today's high-demand global workforce.

Choose from a variety of program options offered in our School of Management and School of Technology and Applied Science—from business management and communication to IT and cybersecurity.

Why study management and technology at Walden?

WE'VE GOT YOUR BACK

Our students receive comprehensive support from Walden's Career Services Center, the Writing Center, and personal advisors at every step.

WE'RE MADE FOR DOERS

Our programs help you put theory into action, teaching skills that are immediately applicable to your career.

ALIGNED WITH TOP-INDUSTRY STANDARDS

Walden has been designated by the NSA and the Dept. of Homeland Security as a National Center of Academic Excellence in Cyber Defense Education through academic year 2024.

ONLINE LEARNING THAT WORKS FOR WORKING PROFESSIONALS

For decades, we've been providing a clear path forward—no matter what's happening in your world. We were among the first to show society that an online education is a powerful force for good. We've given generations of management and technology students the freedom to be ambitious and the confidence to take that leap forward in their business careers.

Walden helped me to continue in achieving my goals. They never said no, they said you can do it.
